

### Craig McCulloch

Principal

#### CURRENT RESPONSIBILITY

Craig McCulloch leads Milliman's Advice Technology Services business in Australia, and joined the firm in 2011. Craig has been implementing goals-based advice frameworks, financial planning tools and other complex financial models for the last decade. He has consulted to the financial services industry in Australia, the UK and Europe for 20 years, specializing in the modelling and management of complex asset-liability risks.

#### EXPERIENCE

Craig has more than 20 years of actuarial experience in the life insurance and wealth management industries and has been involved in a variety of projects in Australia, the UK and Europe.

He has advised clients on a wide range of financial risk management issues, with particular focus on the valuation and risk management of capital market guarantees and options. He has also advised on insurance company capital management, enterprise risk management, regulatory and economic capital issues and developed a range of asset-liability and economic scenario generator models and services.

Prior to joining Milliman, Craig was responsible for OnePath Life's variable annuity hedging program. Before this, he was a consultant with KPMG Actuaries in Australia, Barrie and Hibbert in the UK, and was an actuary in a variety of roles in both the UK and Ireland with Standard Life.

#### PROFESSIONAL DESIGNATIONS

- Fellow, Faculty of Actuaries (FFA)
- Fellow, Institute of Actuaries of Australia (FIAA)

#### EDUCATION

- Bachelor of Science (Hons), Mathematics and Statistics, University of Edinburgh
